INDEPENDENT AUDITORS' REPORT

To the Board of Directors,
The Nathan B. Stubblefield Foundation, Inc.:

We have audited the accompanying financial statements of The Nathan B. Stubblefield Foundation, Inc., which comprise the statement of financial position as of September 30, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

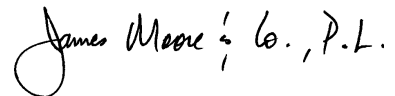

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Nathan B. Stubblefield Foundation, Inc. as of September 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

The financial statements of The Nathan B Stubblefield Foundation, Inc. for the year ended September 30, 2013, were audited by another auditor who expressed an unmodified opinion on those statements on February 21, 2014.

As part of our audit of the September 30, 2014 financial statements, we also audited the adjustments described in Note 12 that were applied to restate the 2013 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2013 financial statements of the entity other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2013 financial statements as a whole.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of functional expenses is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE NATHAN B. STUBBLEFIELD FOUNDATION, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND 2013

(1) **Summary of Significant Accounting Policies:**

(a) **Organization**—The Nathan B. Stubblefield Foundation, Inc. (the “Station”) is a listener-sponsored non-commercial community radio station serving the Tampa Bay area as WMNF. The station provides radio programming and cultural performances for the community. Revenues consist primarily of listener donations, grants, and admission fees to cultural performances.

(b) **Basis of accounting**—The accounts of the Station are maintained in conformity with the principles of accounting of not-for-profit accounting and have been prepared on the accrual basis.

(c) **Basis of presentation**—The Station reports net assets based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Station and changes therein are classified and reported as follows:

Unrestricted Net Assets—Net assets that are not subject to donor-imposed stipulations. This category includes unrestricted assets and property.

Temporarily Restricted Assets—Net assets subject to donor-imposed stipulations that will be met either by actions of the Station and/or the passage of time. This category includes grants received by the Station. The Station has no temporarily restricted net assets as of September 30, 2014 and 2013.

Permanently Restricted Net Assets—Net assets subject to donor-imposed stipulations that they be maintained permanently by the Station. The donors of these assets permit the Station to use the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless the use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as a “release of restrictions” in the accompanying statements of activities. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Station reports the support as unrestricted. Equipment acquired with restricted funds cannot be disposed of without permission of the donor or grantor. These assets are not shown as restricted since they are not normally sold.

(d) **Cash and cash equivalents**—For purposes of reporting cash flows, cash and cash equivalents include cash and investments with original maturities of three months or less.

(e) **Investments**—Investments are carried at fair value, and realized and unrealized gains and losses are reflected in the accompanying statements of activities. See Note 3 for further information on fair value reporting.

(f) **Underwriting receivables**—Underwriting receivables are stated at the amount management expects to collect from outstanding balances. Credit is generally extended on a short-term basis; thus accounts receivable do not bear interest. Based on the Station’s historical information, credit losses, when realized, have not been significant.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND 2013

(1) **Summary of Significant Accounting Policies:** (Continued)

(g) **Grants receivable**—For the years ended September 30, 2014 and 2013, the Station has grants receivable due from various grantors. Management has concluded that realization of losses on balances outstanding at year-end will be immaterial to the financial statements.

(h) **Property and equipment**—Property and equipment purchased or acquired with an original cost of \$250 or more are reported at historical cost or estimated historical cost, with the exception of computers, broadcast and production equipment which are determined to be replacements of existing equipment. These items are recorded as repairs. Contributed assets are reported at fair value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives of the assets which range from three to thirty years.

(i) **Revenue recognition**—Unrestricted contributions, pledges, and grants are recognized as revenue in the accompanying statements of activities upon receipt. Other unrestricted revenues are recognized as earned either upon receipt or accrual. Expenditures of unrestricted funds are recognized as expenses when expended or upon incurrence of the related liability.

Membership contributions are recognized as revenues in the period they are received.

The Station receives restricted grants where revenue is recognized and billed on a cost-reimbursable basis. Revenue on cost-reimbursable grants is recognized to the extent of costs incurred.

Revenue for program underwriting is recorded on a pro-rata basis for the period covered.

(j) **In-kind contributions**—Contributed materials, supplies, facilities, and property are recorded at their estimated fair value at the date of donation. The Station reports gifts of equipment, professional services, materials and other nonmonetary contributions as support in the accompanying statements of activities.

If the fair value of contributed materials, supplies, facilities, and property cannot be reasonably determined they are not recorded. Donated personal services of nonprofessional volunteers, as well as national and local programming services, are not recorded as revenue and expense as there is no objective basis available to measure the value of such services.

Contributed advertising and promotion are recorded at the fair value of the contribution portion of the total value received.

(k) **Pledges and contributions**—The Station engages in periodic fundraising campaigns manifested by offering special programs and on-air and mail fundraising appeals. These appeals encourage supporters, both individuals and organizations, to provide financial contributions to the Station for enhancement of program offerings and other operating expenses. Financial contributions are frequently evidenced by pledges received from responding listeners. Contributions including unconditional promises to give and membership receipts are recognized as revenue in the period received or given. However, uncollected pledges are not enforceable against contributors and not shown as assets on the accompanying statements of financial position. Contributions and collected pledges are components of the unrestricted net assets inasmuch as their usage is not limited to specific activities of the Station. This usage is consistent with appeals for contributions and pledges.

(1) **Summary of Significant Accounting Policies:** (Continued)

(l) **Corporation for Public Broadcasting Community Service Grants**—The Corporation for Public Broadcasting (CPB) is a private, nonprofit grant making organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public broadcasting entities. CSGs are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated, Section 396(k)(7). In any event, each grant must be expended within two years of the initial grant authorization.

According to the Communications Act, funds may be used at the discretion of recipients for purposes relating primarily to production and acquisition of programming. Also, the grants may be used to sustain activities begun with CSGs awarded in prior years. Certain *General Provisions* must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These *General Provisions* pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

The CSGs are reported on the accompanying financial statements as increases in unrestricted net assets, provided they are spent in the same fiscal year they are received.

(m) **Cultural performances**—The Station sponsored cultural performances and sold promotional items. The cultural performances are conducted to bring artists and speakers to the area to supplement the programming that is broadcast by the Station and to educate the community. Promotional items that advertise the station are sold to promote the Station and supplement revenues. The revenues and direct costs of these activities are as follows:

	2014		2013	
	Performances	Sales	Performances	Sales
Gross proceeds	\$ 256,678	\$ 12,925	\$ 284,235	\$ 16,067
Direct costs	191,643	5,003	253,593	4,568
Net proceeds	\$ 65,035	\$ 7,922	\$ 30,642	\$ 11,499

(n) **Income taxes**—The Station is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Station has unrelated business income from the sale of advertising and certain products and services. At September 30, 2014, a net operating loss carryforward is available to offset future unrelated business income. If not used, the carryforwards will expire as follows:

Year Ended December 31,	Operating Losses
2018	\$ 2,110
2019	5,874
2020	7,542
2021	12,549
2022	28,031
2023	20,942
2027	3,262
Net operating loss carryforward	\$ 80,283

SEPTEMBER 30, 2014 AND 2013

(1) **Summary of Significant Accounting Policies:** (Continued)

The Station files tax returns in the U.S. Federal and State jurisdictions. The Station's tax returns for the past three years are subject to examination by tax authorities and may change upon examination. The Station has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the Station.

(o) **Functional allocation of expenses**—The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among program and supporting services benefited based on total personnel costs or other systematic basis.

(p) **Use of Estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period, accordingly, results could differ from those estimates.

(q) **Advertising costs**—Advertising costs are expensed in the period in which they are incurred. Advertising expense for the years ended September 30, 2014 and 2013, was \$4,194 and \$4,450, respectively.

(s) **Subsequent events**—The Station has evaluated events and transactions through April 27, 2015, the date the financial statements were available to be issued.

(t) **Reclassifications**—Certain amounts in the 2013 financial statements have been reclassified to conform to the 2014 presentation. These reclassifications had no effect on net income for 2013.

(2) **Investments:**

Investments are carried at fair value on the accompanying statements of financial position, and realized and unrealized gains and losses are reflected in the accompanying statements of activities. The following is a summary of investments mutual funds at September 30, 2014 and 2013:

	<u>Cost</u>	<u>Fair Value</u>
2014	<u>\$ 245,864</u>	<u>\$ 246,360</u>
2013	<u>\$ 129,820</u>	<u>\$ 146,414</u>

THE NATHAN B. STUBBLEFIELD FOUNDATION, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND 2013

(3) **Fair Value Measurements:**

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Station has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation of other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at September 30, 2014 and 2013.

Mutual funds – Valued at quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Station believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the assets of the Station for which fair values are determined on a recurring basis as of September 30, 2014 and 2013:

Assets at Fair Value as of September 30, 2014

(4) **Property and Equipment:**

A summary of property and equipment at September 30, 2014 and 2013, is as follows:

	<u>2014</u>	<u>2013</u>
Land	\$ 321,727	\$ 321,727
Buildings and improvements	1,931,201	1,931,201

Less: Accumulated depreciation	(1,594,516)	(1,493,105)
	<u>\$ 2,086,300</u>	<u>\$ 2,240,906</u>

For the years ended September 30, 2014 and 2013, depreciation expense for property and equipment was \$157,137 and \$153,472, respectively.

(5) **Long-term Debt:**

The Station has a mortgage, secured by property and equipment located at the studio. The loan terms balloon on June 26, 2018. Monthly payments are \$5,825 with interest of 6.75%.

Maturities on long-term debt over the next five years as of September 30, 2014, are as follows:

<u>Years Ending September 30:</u>	<u>Amount</u>
2015	\$ 30,226
2016	39,142
2017	41,867
2018	398,756
Total	<u>\$ 509,991</u>

(6) **Significant Concentrations:**

Information related to significant concentrations of revenues and credit risk for financial instruments owned by the Station, except as otherwise disclosed, is as follows:

(a) **Cash and cash equivalents and certificate of deposit**—The Station maintains demand deposit, certificate of deposit, and money market account balances which at times may exceed federally insured limits. The Station has not experienced any losses in such accounts. As of September 30, 2014 and 2013, there were no uninsured cash balances.

(b) **Underwriting receivables**—Underwriting receivables represent support from local business and industry. The Station has no policy requiring collateral or other security to support its underwriting receivables.

(7) **Endowment:**

Donor-restricted Endowment Funds

The Station's endowment consists of one contribution that was intended to start an endowment fund. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The donor-imposed restrictions on this endowment specify the contribution should be invested in perpetuity according to the investment policies of the Board. The donation was used to acquire a certificate of deposit. The terms of the contribution allow the Board to use the income of the endowment at their discretion.

Interpretation of Relevant Law

In June 2011, the State of Florida adopted the Florida Uniform Prudent Management of Institutional Funds Act (FUPMIFA). The Station's Board has interpreted the State of Florida Statute (617.2104) cited as the "Florida Uniform Prudent Management of Institutional Funds Act" (FUPMIFA) as requiring the Board to consider the purpose of the Station and the purpose of the endowment, subject to the intent of a donor expressed in a gift instrument, when managing and investing the endowment. In addition, the Board interpreted FUPMIFA as requiring the Board to act in good faith and apply reasonable care, skill, and caution as exercised by a prudent investor, in considering the investment management and expenditures of the Station's endowment funds. In accordance with FUPMIFA, the Board may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the Station and the skills available to the Station. The Board shall make reasonable efforts and circumstances considered by the Board in managing and investing the endowment funds: (1) the long-term and short-term needs of the Station, (2) general economic conditions, (3) the possible effect of inflation and deflation, (4) the expected total return from income and the appreciation of investments, (5) other resources of the Station, (6) the Station's investment policies, (7) and the needs of the Station and the endowment to make distribution and the duration and preservation of the fund.

In accordance with FUPMIFA, the Station considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) the intent of the donor of the endowment fund, (4) the long-term and short-term needs of the Station, (5) general economic conditions, (6) the possible effect of inflation and deflation, (7) the expected total return from income and the appreciation of investments, (8) other resources of the Station, and (9) the Station's investment policies.

As a result of this interpretation, the Station classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

Investment Return Objectives, Risk Parameters and Strategies

The Station has adopted an investment policy, approved by the Board, including endowment assets. The policy attempts to maintain the fund corpus. The Station's investment policy establishes an achievable return objective through diversification of asset classes. The current long-term return objective is to return 3%. Actual returns in any given year may vary from this amount. The Board recognizes that under various market conditions the investment policy may be both impractical and to some extent, undesirable, therefore, the asset allocation may vary from time to time without being considered an exception to the investment policy.

Endowment net assets, beginning of year	\$ 48	\$ 10,000	\$ 10,048
Investment income	6	-	6
Endowment net assets, end of year	<u>\$ 54</u>	<u>\$ 10,000</u>	<u>\$ 10,054</u>

Changes in endowment net assets as of September 30, 2013, are as follows:

	<u>Unrestricted</u>	<u>Permanently Restricted</u>	<u>Total Net Endowment Assets</u>
Endowment net assets, beginning of year	\$ 42	\$ 10,000	\$ 10,042
Investment income	6	-	6
Endowment net assets, end of year	<u>\$ 48</u>	<u>\$ 10,000</u>	<u>\$ 10,048</u>

(8) Operating Lease Obligations:

The Station has leases for their towers and office equipment. Leases related to the towers have monthly payments ranging from \$936 to \$6,050 which end in the fiscal year ending September 30, 2016. Leases related to the office equipment have monthly payments ranging from \$185 to \$400 which end in the fiscal year ending September 30, 2017.

The following is a schedule by years of future minimum payments required under the leases as of September 30, 2014:

<u>Years Ending September 30:</u>	<u>Amount</u>
2015	\$ 90,212
2016	31,009
2017	985
Total future minimum payments	<u>\$ 122,206</u>

SEPTEMBER 30, 2014 AND 2013

(9) **Community Service Grants:**

The Station receives a CSG from the Corporation for Public Broadcasting annually. The CSGs received and expended during the most recent fiscal years were as follows:

<u>Year of Grant</u>	<u>Grants Received</u>	<u>Expended 2012-13</u>	<u>Expended 2013-14</u>	<u>Uncommitted Balance at September 30, 2014</u>
2013-14	\$ 139,266	\$ -	\$ 139,266	\$ -
2012-13	\$ 147,944	\$ 147,944	\$ -	\$ -

(10) **Contingent Liabilities:**

Equipment obtained with state grants in the amount of \$248,366 cannot be sold without the permission of the State of Florida. Equipment obtained with grants from the Corporation for Public Broadcasting in the amount of \$128,748 cannot be sold within ten years to an entity that is not CSG eligible. These grant funds must be returned to CPB if the Station is not CSG eligible within ten years of the grant.

In addition, the Station is engaged in various legal proceedings incidental to its normal business activities. While any litigation contains an element of uncertainty, it is the opinion of management that the ultimate resolution of these matters will not have a materially adverse effect on the Station's financial position or results of operations.

(11) **Nonfederal Financial Support (NFFS):**

The Corporation for Public Broadcasting (CPB) allocates a portion of its funds annually to public broadcasting entities, primarily based on NFFS. NFFS is defined as the total value of cash and the fair market value of property and services received as either a contribution or a payment and meeting all of the respective criteria for each.

A "contribution" is cash, property or services given to a public broadcasting entity for general operational purposes. Support received as a contribution by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source may be an entity except the federal government or any other public broadcasting entity; (2) the contribution may take the form of a gift, grant, bequest, donation or appropriation; (3) the purpose must be for the construction or operation of a noncommercial, educational public broadcast station or for the production, acquisition, distribution or dissemination of educational television or radio program and related activities; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

A "payment" is cash, property or services received by a public broadcasting entity from specific sources in exchange for specific services or materials. Support received as a payment by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source must be a state, any agency or political subdivision of a state or an educational institution; (2) the form of the payment must be appropriations or contract payments in exchange for specific broadcasting services or materials; (3) the purpose must be for the provision of educational or instructional television or radio programs; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

Reported NFFS for the Station was \$1,432,532 and \$1,229,240 for the years ended September 30, 2014 and 2013, respectively.
