WMNF welcomed the new 2020 cohort, and we all shared our backgrounds and ties to the community.

The following topics were discussed:

- **WMNF's Mission:** Rick explained the station's mission and dedication to serving the community.
- **Monthly Focus:** Discussed strategies to have the community involved in focus topics every month. That list will be finalized in March and shared with the CAB. We invited them to suggest community partners and non-profits that can benefit from having the station amplify their causes and services.
- **On-Air Programming:** The next item on the agenda was the current on-air programming. We asked for the CAB to listen to present programming and to give feedback. Specifically what we can do better and what areas they see a deficit.

The meeting wrapped up with Rick stressing the fact he views the CAB as an essential partner in being the eyes and ears of the community that keeps WMNF on mission.

The next meeting will be a date to be determined in May.
